Answers to frequently asked questions.....

- What happens if my student forgets their lunch money?

We will allow your child to charge, UNLESS you tell us they CANNOT, then your child will need a note from you or the office for approval.

- Which Meal Plan is best for my child?

It is always less expensive for your child to be on a Small Meal, Regular Meal, or Large Meal Plan. If your child gets an extra side item, you are only charged the lowest priced side item. If your child gets a 2nd Entrée you will only be charged \$2.00. Sandwiches are considered an Entrée. Declining balance and cash are at a carte prices.

- What do I do when my student runs out of lunches or money in his/her account?

When you receive an I.O.U. slip, please realize that your account has a low or negative balance; the I.O.U. slip will note the balance date. We will allow your child to continue to charge, however, replenishing their account promptly is most appreciated.
